

Statement concerning REACH

2012-09-12

Calectro AB does not import products containing chemical substances with a total combined weight over 1 ton into the European Union.

Calectro AB is not using any of the Substances of Very High Concern (SVHC) that are on the candidate list published by ECHA.

Therefore, neither Calectro AB nor their customers are obligated to register any products/chemicals in the REACH-register.

Martin Persson
Product Manager
Calectro AB
